

ZIMMERMAN'S

Gothic Arched High Tunnels & Greenhouses

Steel Frames are US-made and are 14 gauge with a sturdy 2-3/8" diameter to help withstand heavy snow & wind

*****Affordable: only \$4,570 for 30'x72'*****

4 Widths - 20', 24', 30', & 34' (can also order custom widths)

Lengths - 48', 72', & 96' (can also order custom lengths)

Kits Include

- 6mil clear greenhouse film (92% light transmission) for roof & end walls
- Drop-down side curtains for ventilation (helps in keeping animals away)
- **Metal structural pieces**
 - **Arches are 2-3/8" in diameter (larger than competitors) & 14 gauge**
 - **Arches are available in 6', 5' or 4' spacing**
 - **Sidewall Poles are 13 gauge (are set in ground 32" for more stability)**
 - Purlins are 1.315" diameter & 14 gauge steel
 - **Wind braces & purlin end pieces for extra strength during storms**
 - Hardware for assembly, Note: Wood is not included

Side wall height is normally 6', but you can custom-order heights up to 8' tall

Optional: Metal end-walls, hip & base boards, doors, gutters, vents, and fans
